VOL. 44, NUMBER 42

RECREATION DEPT. WILL TRAIN LEADERS FOR VARIOUS ACTIVITIES

Elman Rose Announces New Trainee Courses

Elman Rose, Daly City Recreation director, announces a recreation institute for training leaders to handle various phases of the projects.

He has sent the following letter to local organizations and individuals:

Dear Friend:

How often have you tried to secure leadership for recreation projects only to find that the person who was urgently needed to lead felt that he "didn't know how"? Or how often have you enjoyed watching a recreation activity or appreciated the result of skilled craftsmanship and wished that you "knew how"?

Because this is a common experience, the Committee for the Study of Recreation in California is setting up recreation institutes in communities all over the state to provide people like you and your group with the essential "Know How."

The San Mateo County Recreation Institute will be held December 1, 2, 4 and 8, 9, 11 (Monday, Tuesday and Thursday of the first two weeks in December), from 7:45 to 10:30 p. m., at San Mateo Junior College. Specific locations will be sent to you later.

There will be a general session each evening with outstanding speakers on Therapeutics of Recreation, Recreation in the Home; Psychology of Youth and Youth Leadership; followed by workshops at which skilled leaders (Buford Bush, Lawton Harris, Dorothy Ogden, Charles Pease and others) will conduct classes in crafts, games, dramatics, folk dancing, nature craft, etc. The Adult Education Department of San Mateo Junior College will offer one unit of college credit to persons taking the course.

This institute is planned for leaders in group work agencies, public recreation personnel, teachers, students, Scout, YMCA and church recreation leaders, and parents. The following organizations are cooperating to make the institute possible: recreation departments, PTA, AAUW, AWW, YMCA; Boy Scouts and Girl Scouts; probation department; county welfare department; Council of Social Agencies, churches and the junior college.

We know there are members in your group who will want to attend some, if not all, of the Institute sessions. A small registration fee will be charged.

We shall appreciate your cooperation in getting this advance information on the Institute to members of your group at your earliest opportunity.

Pre-registration information and a complete program will be sent soon.

Mrs. Donald Grant
Earl Schmidt
Co-chairmen Publicity Committee
Carrie M. Brown, Chairman
Recreation Institute Planning Com.

Regina Warchot Has Title Role In Jaysee Play

When the curtain goes up on Friday evening, November 21, at the San Francisco Junior college for the first act of "Our Town," Thornton Wilder's Pulitzer prize winning play, in the title role of Emily Webb will be Miss Regina Warchot, talented daughter of Mr. and Mrs. Louis Warchot, 3299 San Jose avenue. Regina is in her last year at the college.

The first performance will be Friday evening commencing at 8 o'clock. Matinee performances will be held on Monday and Tuesday afternoon, November 24 and 25, starting at 1 o'clock.

NAVY HOLDING TANFORAN BASE

A possibility that Tanforan Navy Base may revert to full use by the Navy was foreseen at a recent meeting of the San Bruno City council.

It seems that a bowling alley proprietor had asked the council for a lease on the bowling alleys at the base should the City of San Bruno acquire the buildings at the base.

City officials declared that the navy would not let go of any of the buildings at the base on account, no doubt, of a possibility of universal military training.

Should Congress approve UMT it is more than probable that the Tanforan base would be used to full capacity.

Palmer Fined For Disturbance

Thomas G. Palmer, 180 Turk street, was fined \$25 by City Judge William J. Sweeney last Friday for disturbing the peace on November 8 at 299 Templeton street, home of his divorced wife, La Homa Palmer. Palmer, who pleaded guilty to the charges, stated he was trying to see his son.

Daly Cityites Donate Blood

W. C. Holloway, Tom Mason, Mrs. Vernier R. Nielsen and W. A. Thompson, all of Daly City, donated blood to the San Mateo County Blood Bank during the past week.

Israel Daughters To Give Dinner

Daughters of Israel will hold a turkey dinner in the synagogue at 67 Los Banos avenue on December 14 in celebration of the Chanuaka. One hundred guests are expected. During the evening one of the guests will be given a \$25 Treasury bond.

CHEST DRIVE IS EXTENDED FOR ONE WEEK

With its goal still \$35,100 short of attainment, the San Mateo County Community Chest today announced extension of its fund raising campaign for one additional week to November 22. Collections to date stand exactly \$165,900, it was announced by James J. Kehoe, campaign chairman.

Meanwhile, chest officials urge all citizens who have not made contributions to this year's chest fund to mail checks in tonight to 301 Lorton avenue, Burlingame.

The Chest is raising funds to defray the forthcoming year's expense of:

The Boy Scouts; Girl Scouts—Burlingame - San Mateo - Hillsborough Council, Sequoia Council, Daly City - Colma Council, San Bruno - Lomita Park Council, Millbrae Council; San Mateo County Blood Bank.

San Mateo Preventorium; YMCA—Peninsula branch; YMCA—Sequoia branch; San Mateo County Catholic Social Service; Council of Social Agencies.

FORESTERS NEED MEETING PLACE

Vista Grande Circle No. 253, Foresters, will hold no whist parties until they find a meeting place. The organization formerly met at 176 Los Banos avenue.

On Tuesday, December 16, the group will hold a Christmas Exchange party at the home of Mrs. Florence Bryant, 559 San Diego avenue.

Teachers Assn. Held Meeting Last Thursday

On Thursday afternoon, November 6, the Jefferson District Classroom Teachers' Association held a general meeting.

Present were the members and delegates from the several schools. The organization's committees were formed and will function during the coming year.

Also taken into consideration were several suggestions which will aid in the professional development of the teachers in the district.

COUNTY OFFICIALS ARE NOT IN FAVOR OF NEW BOROUGH PLAN

Superior Court Jury Acquits Joseph Kelly

Joseph Kelly, 34, San Francisco special policeman, was found not guilty of two charges of assault with deadly weapon in Superior Court in Redwood City.

A jury of three women and nine men debated only 24 minutes before returning a verdict.

This was the end of a two-day trial before Judge Edmund Scott.

Kelly had been accused of assaulting Allan Pettigrew, 18, and Allan's father, Clifford, at their home in Daly City on the morning of September 8, after Kelly's 17-year-old stepdaughter told her father she had been raped in San Francisco by young Pettigrew after a party.

PERMITS ISSUED FOR EIGHT HOUSES, ONE STORE

Building permits issued from November 1 to 14, total eight houses and one store.

Building Inspector A. J. Bodien lists the following construction projects:

Alemay Construction Company, a five-room house on Hillcrest drive, value \$4,000. B. J. Bloomsma, a five-room house in Vista Grande Tract, No. II, value \$8,000. Mr. and Mrs. Raymond Lee of 99 Evergreen avenue, a five-room house in Crocker Tract, value \$10,150.

Joseph Ragni & Sons, a five-room house in Union Park subdivision, value \$9,000. Frank J. O'Neill, San Francisco, four five-room houses, value \$6,800 each. F. Gallo, San Francisco, a frame store building, Lots 13 and 14, Block 24, Vista Grande Tract, value \$18,000.

Just Another Annexation Idea Put Forth By S.F.

Frederick Peterson, county executive, and the board of supervisors unanimously stated no on a proposal made by Mayor-elect Elmer Robinson of San Francisco for a four-county borough system.

Ray T. Higgins, Sharp Park real estate man and former grand jury foreman, came out in favor of the plan. He said it should be studied "very carefully" and proposed it be debated pro and con in open hearings.

He stated: "Consolidation would do away with duplication of government. At least we could get a better form of government than we have here now."

One county official, commenting on Higgins' stand said, "Oh, well, he's a real estate man. Look what the real estate men wanted to do to the City Park in San Mateo. They wanted to cut it up and sell it for lots."

Peterson said he saw no advantage whatsoever in Robinson's proposal or in annexation, which has been discussed over and over again. As far as getting credit for a greater population is concerned, Peterson said that formation of a borough system would have nothing to do with apportionment of congressional seats.

Each of the supervisors, interviewed individually, remarked, almost as if they had rehearsed it, "It's the same old story."

They all came out against it with the "What does San Francisco have to offer us?"

Each pointed out that the proposal had not come before the board of supervisors officially.

Alvin S. Hatch, chairman of the board, who lives in Half Moon Bay, said he would be in favor of forming an anti-annexation committee if Marin and Alameda counties would join.

The other supervisors, however, said they would not even recognize the proposal to the extent of trying to fight it.

Hatch said, "We're getting along pretty well by ourselves. We're growing fast and annexation wouldn't give our growth any impetus." Then he pointed out that each new San Francisco administration has reopened the issue.

Bank Of America Addition Nearly Ready For Use

The "New Look" is coming to Daly City, in the form of a 4000 square foot addition to the Bank of America's local branch.

According to Bank spokesmen, the construction work, started in November of last year, should be completed in about three weeks. The total cost was estimated to be \$50,000.

The construction will provide an enlarged lobby for customers, greater working space for employees, and the addition of a full basement. Four tellers' windows will be added, making a total of eleven.

This is not the first time that a "face lifting" has been performed on the local branch of the world's largest commercial bank.

The other time was in 1935, when the branch, constructed in 1919 and named the Liberty Bank, was moved 60 feet north of its original location at San Jose avenue and Mission street due to the widening of San Jose avenue. When it was erected, the bank had working quarters of only 2100 square feet. In 1935, however, following its shifting of location, officials added 400 square feet.

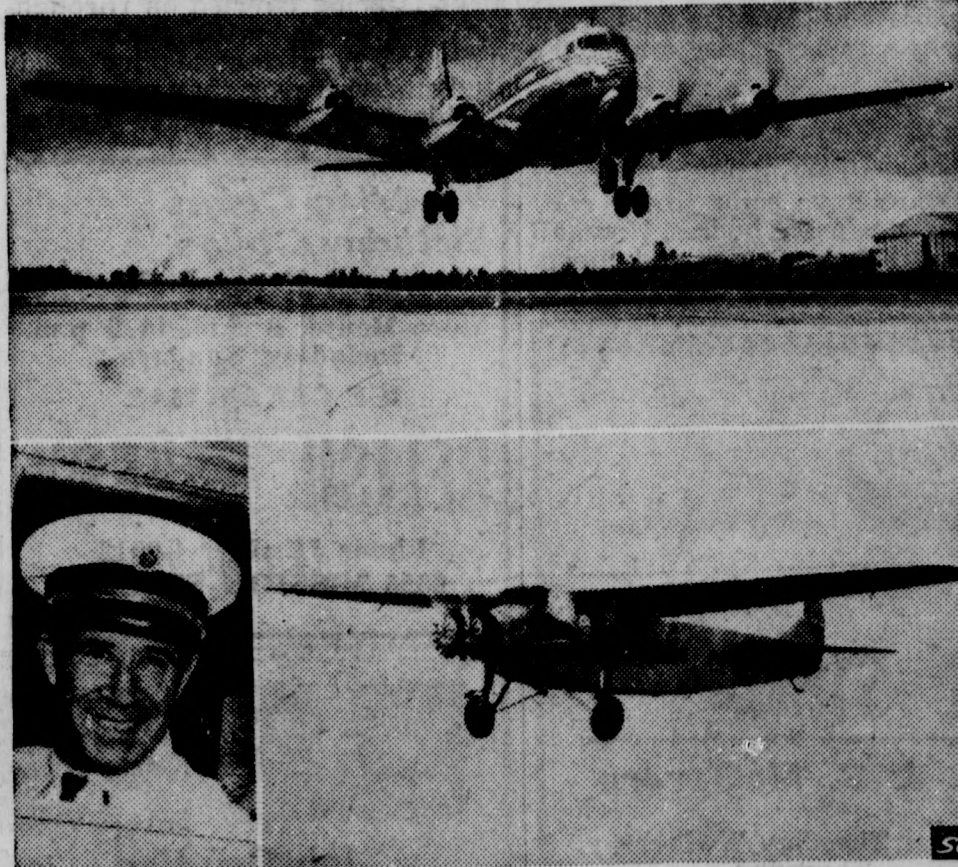

At the present time, F. Erickson is manager of the branch. Joseph L. Leonetti is assistant manager, and Joseph B. Firpo is chief clerk.

Record To Be Published Early Next Week --- "Thanksgiving" Is Cause

Next week—Thanksgiving week—the Daly City Record will be published Monday instead of the usual Thursday. This is done for several reasons, among which are—so the "force" can all eat turkey on Thursday, and so that merchants may advertise their Thanksgiving specials in plenty of time for the holiday.

Advertising copy for this issue must be in the office before 10 a. m. Monday morning. It would be better yet if it reached us some time Saturday, as we will be working all that day.

Pioneers of World Air Routes

Representing a fifth of a century of progress in international air service, and over 7,000,000 passengers carried overseas, Pan American World Airways this year celebrated its 20th Anniversary. Captain Basil Rowe, above, one of the 129 of the airline's pilots who have flown over 1,000,000 miles, has logged over 3,500,000 miles and the equivalent of almost three consecutive years in the air since his introduction to flying in 1917.

The 1927 crossing of the 90 miles of open water between Key West, Florida, and Havana, Cuba, in a wooden-winged, three motored Fokker (shown right above) flying at 85 M.P.H. and carrying only 8 passengers is a far cry from today's globe-circling in luxurious Constellation, D-C 4 and Boeing Stratocruiser type Clippers. This route was only the first for Captain Rowe and other Pan American pilots as they stretched their pioneer services to South America, China, the Central Pacific, the North Atlantic and Africa.

Today's establishment of round-the-world service is the line's latest first. Soon it is to be joined by the first domestic route to fly high-speed, long-haul, non-stop express flights within the U.S., linking their coastal terminals if a program now pending before the Civil Aeronautics Board is approved.

THANKSGIVING

These troublous times we are experiencing should not tempt us to believe that we have little for which to be thankful.

It has been said that no matter how bad things are—or seem to be—there is always some good that should prompt an expression of thanks.

We in America are beset by serious problems of national and international scope. But we look so long and hard at them that we frequently fail to see or appreciate the many fine things that are going on. High employment, higher incomes than ever before, record production in factories and on farms, more and better food for the average American family in spite of high prices, a better standard of living than we had a decade ago—for all these we should certainly be most thankful.

We should be thankful too, that we can lend a helping hand to those less fortunate than ourselves overseas.

But our gratitude mustn't be centered solely around the material things we possess and enjoy. The Pilgrims were thankful not primarily for the abundant harvest but for the grace and goodness of the Almighty made manifest to them as an abundant harvest.

On this Thanksgiving Day of 1947 let us count our many blessings and we will find that our problems are fewer and smaller than we thought. And let us also be thankful for the good in human nature wherever it may be found and wherever it is helping to forge the instruments of peace and justice for mankind in the world today.

UNFILLED CHESTS

This is the second or third year that the Community Chest drives in too many cities and towns have fallen short of the minimum contributions necessary to carry on the work of the various relief and charitable agencies.

It has been pointed out in the past and should be emphasized again that one of the principal reasons for this situation is that too many special drives for funds are being held in addition to the Community Chest campaigns.

When the idea of the Community Chest was introduced it was designed to bring all agencies within its scope so that the citizens would be asked to give but once a year. That is still its purpose, but more and more separate appeals are being made with the result that when the Community Chest drive starts many people feel they have already given as much as they can afford.

We are not referring to the special drives on behalf of foreign countries. The abnormal conditions abroad call for substantial assistance on our part. But there have been a great number of appeals for support of various activities here at home. The worthiness of these activities is not the question. The point simply is that unless something can be done to once again consolidate all campaigns into one overall annual drive our charitable and social welfare institutions will suffer.

SUCCESS STORY

All the world loves a winner, especially one who wins against heavy odds. That is what has made the most recent success of California's fabulously successful Henry Kaiser of more than usual interest.

A couple of years or so ago when Kaiser announced his entry into the automobile production field most of the experts shook their heads. There was no tougher line to break into, they pointed out, and they expressed doubt that even a man who had licked so many industrial problems could make the grade. For a while it looked like they might be right. Production at Willow Run hit many snags and when cars finally came off the assembly line they were considerably behind the original schedule.

But now the Kaiser-Frazer Corporation is not only well past the 100,000 production mark but their latest financial statement shows it operating well in the black.

Of course, another testing time will come when the automobile market becomes competitive once again. But, having cleared their first, and probably biggest hurdle, it isn't likely that Henry and his helpers will trip over the others.

Well, it proves once again that the need in America is not for more opportunity but for individuals who can recognize and make use of the abundant opportunities that exist.

THE ANSWER

The Congressional committees which have been holding hearings around the country on the housing situation have come to the conclusion that the only answer to the problem is more houses. Now, all they have to do is figure out how we can get them—quick and cheap.

"Country Store" Planned By General Pershing P.T.A.

The General Pershing PTA Thread and Needle Club met in the home of Mrs. E. K. Whinnen on Thursday, November 13. All members are working to finish articles for the Country Store to be held on December 2 in the school. Plans for the Country Store include booth sales in the afternoon and evening and a whist party in the evening. Members and teachers are making donations for booths and the whist party.

On Friday, November 7, Mrs. Krummes' room was entertained at a party in the Bellevue Avenue Recreation Center. The party was a prize for the room obtaining the most new members in the recent membership drive. Mrs. J. S. Calvin, membership chairman, was in charge of the party and was assisted by Mrs. Kramer's Brownie Troop No. 7 in the making of favors and serving of refreshments. Brownies who helped serve were Misses Sandra Taylor, Sally Sue Engstrom, Adalia Bautista, and Lou Ann Eliassen.

Mrs. M. E. Nenstiel, president, has completed the 17th District course in parliamentary law, and has received her certificate of completion.

Exhibits of home crafts were made at the 17th District CCPT meeting on Thursday, November 20. General Pershing PTA members who exhibited their work were Mesdames Abe Gensel, Jack Caine, Frank Weber, and Vance Faragher.

The regular monthly meeting of the Executive Board will be held on Tuesday, November 25, at the home of Mrs. Abe Gensel, 188 Acton street. All members are urged to attend as final plans for the Country Store on December 2 will be made, and Christmas plans will be discussed.

News From S. M. Jaysee

With Jean Hillman from South San Francisco, Gwen Dam from Millbrae, Bill Weir from San Bruno, and Harry Uhlenberg from Redwood City included in the cast, San Mateo Junior College Players present the comedy "Holiday," by Philip Barry, this Thursday, Friday and Saturday in the Baldwin campus auditorium. Miss Ada Beveridge is director of the term production which starts each night at 8:15. Tickets will be sold at the door.

The junior college yearbook staff, with Lynn Lockett of San Bruno as editor, is hard at work on layouts and the taking of pictures for the "Campus" which will be published in the next semester.

This week the college students start their drive to raise money for the World Student Service Fund, or world student relief. This movement is being carried on throughout the world, with students in different countries helping needy students wherever they may be.

This week the college football

Rod & Gun Club Enjoy Outing At Antioch Sunday

The Daly City Rod and Gun Club journeyed up to Antioch last Sunday. Thirty-five members and several wives and friends were along. Percy Smith caught the first fish, an 8½ pound striped bass for which he won first prize, a nice new Ocean City reel. Ed Mierding was high man with a 12½ pounder. His prize for the largest fish of the day was 300 yards of fine line.

The George Archer - Jimmy Fox competition was pretty dead until George nosed out Jim with a 15 ounce 9½ inch. Si Hansen also caught a nice 9 pound bass.

Fine weather and hot dogs and coffee prepared by Chef Fox and his wife Laurine made the rest of the day a huge success.

The next meeting will be held on Wednesday, November 26. All members are urged to attend. Louis Bianchini will be on trial at Kangaroo Court for allegedly being a first class heel. It seems Johnny Greenberg caught a small bass and got tangled with Louis' line. Louis reeled the fish in and tossed the fish back before John could measure it. So the feud is on. It's all in fun, so come up and see the riot.

Electric Whip for Lions

Electrical novelties were common as far back as the 1880s. A German lion trainer of that age kept his animals in line with an electric whip. Of twisted wire with a switch in the handle, it was connected to a charged metallic plate in the cage floor.

team gets a bye and will play its final game November 29 at San Bernardino jaysee. Basketball starts this week under the direction of Coach Ray Balsley.

Girl Scout Scribe Makes Report

"Thursday, November 13
Girl Scout Troop No. 2: L

Today two of the girls purchased Daly City crests for their uniforms. Then compositions of foreign countries were read.

Next Mrs. Hamilton gave prizes in which the two patrols acted as teams.

Then we sang songs. Donna Darnell and Jean Chamberlain taught the troop a song.

\$2.25 worth of camp savings stamps were sold.

Then we sang "Taps" and went home.

Jean Chamberlain
Newscribe"

Cooked Potatoes

Cooked potatoes, even with the skin left on, when stored at room temperature, lose 33 per cent of their vitamin C after half an hour, 50 per cent if allowed to stand an hour, and 100 per cent if they stand four hours. So potatoes cooked for the noon meal but not eaten 'til supper can't be counted on as a source of vitamin C.

Cranberries Contain Vitamin C

Cranberries contain much vitamin C and the consumer gets the most of this important food element by eating the berries raw, as in orange cranberry relish or other salads.

Tropical Birds Live In Desert

In a laboratory created by nature in the Upper Magdalena valley of Colombia, South America, a group of tropical bird species have undergone some peculiar modifications fitting them to life in an arid desert, reports Dr. Alden Miller, director of the University of California Museum of Vertebrate Zoology.

Dr. Miller has just completed an analysis of material he collected on 130 bird species during a field trip to the Magdalena valley in 1945. Included was one new subspecies, a crimson crested finch.

The scientist said that the Upper Magdalena, located almost on the equator, is a desert region, similar to Arizona, in the midst of a series of tropical forests.

Birds from the forests of the Lower Magdalena have drifted into this desert pocket, evolving into peculiar subspecies of their tropical cousins toward the Caribbean.

Dr. Miller said the birds are for the most part drab, unimpressive and small, with only a few striking species present. They are generally lighter colored than their tropical cousins.

OLPH Mothers Club Welcome Three New Members

At the monthly meeting of the Mothers Club of Our Lady of Perpetual Help school held Friday evening, November 14, in the school library, three new members were introduced and welcomed. They were Mrs. Easman, Mrs. Cresta, and Mrs. Martin.

Plans for the bazaar to be held December 7 were discussed. Following chairladies were appointed: Cake booth, Mrs. Dorothy McInerney; handiwork, Mrs. Marion Balistreri; money booth, Mrs. Mary Caligari and Mrs. Susan Schroeder; children's concessions, Mrs. Josephine Lamendola; refreshments, Mrs. Grace Moore; candy booth, Mrs. Theresa Sullivan.

Following the regular meeting a social was held with Mrs. Elizabeth Powers and the seventh grade mothers in charge.

Guest speaker for the evening was Dr. Naughton, who spoke on the Boy Scouts of America.

Passion Play

The Oberammergau Passion Play is presented every ten years to fulfill a vow made by the inhabitants of the village in 1633. According to the Encyclopaedia Britannica, Oberammergau was stricken with the scourge of the Black Death in that year. To express their gratitude when the plague ended, the villagers vowed to enact the Passion and death of Christ every ten years, and the first performance was given in 1634.

Early Explorer

Jean Nicolet is credited with being the first white man to navigate Lake Michigan, according to the Encyclopaedia Britannica. Sent west by Champlain on a voyage of exploration, he threaded his way in a birch canoe through the Straits of Mackinac and discovered Lake Michigan in the summer of 1634.

vada county recently; he fined two violators \$500 each, confiscated their guns and made them forfeit their hunting licenses, then added 180 day jail sentences! The crime: killing three doe deer, also night hunting, and hunting during the closed season.

Wardens have been extremely busy in the state during the last three months and fines and arrests have increased 20 per cent over last year; approximately 99 per cent convictions result from warden arrests, the Division of Fish and Game reports. Tabulations of September revealed 600 arrests, seven dismissals and fines totalling nearly \$38,000. Invoking the new law requiring only the license number of a car to establish identity, a Humboldt county rancher succeeded in bringing to justice a commercial fisherman, John N. Walker, and his wife, on a charge of killing female deer, night hunting, and using .22 caliber rim-fire cartridges on large game. After they pleaded guilty, the judge fined the couple \$1,050.

COLMA FIRM FILES SUIT

Local attorneys, Fahey, Bocci, and Gallen, of 3 Wellington avenue, have filed an action in the sum of \$10,000 against Stoneson Brothers in behalf of A. Guastavino and Sons Nursery, located on School street in Colma, for alleged damages to crop, soil, property and to enjoin them from further grading operations.

LEGAL ADVERTISING

Notice of Administrator's Sale Of Real Estate At Private Sale

NO. 14259, DEPT. NO. 2
IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of DORA VALLENDAR, Deceased.

Notice is hereby given, that THOMAS B. GALLEN, Administrator of the Estate of DORA VALLENDAR, Deceased, will sell at private sale, in one parcel, to the highest bidder upon the terms and conditions hereinafter mentioned, and subject to confirmation by said Superior Court on or after Saturday, the 6th day of December, 1947, all right, title and interest and estate of said DORA VALLENDAR, Deceased, at the time of her death, which was an undivided interest in and to the real property hereinafter described, and all the right, title and interest that the said estate has, by operation of law or otherwise, acquired, other than, or in addition to that of said deceased at the time of her death, in and to that certain lot or parcel of land situate lying and being in the County of San Mateo, State of California and more particularly described as being:

All that piece and parcel of land situated and being in Colma, County of San Mateo, State of California and known as:

Lots 26, 27, and 28 in Block No. 8 of the \$75.00 Homestead Tract in San Mateo County, California. Lot 4 in Block 5, and lots 35 and 36 in Block 9 of the \$75.00 Homestead Tract in Colma, San Mateo County, California.

Terms and condition of sale: Cash, lawful money of the United States; 10% of purchase money to be paid at the time of sale. Payments on confirmation of sale. Deeds and abstract at the expense of the purchaser.

All bids or offers must be in writing and may be left at the office of FAHEY, BOCCI & GALLEN, Attorneys for said Administrator, at No. 3 Wellington Avenue, Daly City, or may be delivered to said Administrator personally in said County of San Mateo, or may be filed in the office of the Clerk of this County, at any time after the first publication of this notice before the making of the sale.

Dolwig Advocates State Aid For Rec. Facilities

"A study of recreation facilities needed by cities and counties of the state is now under way and the results will furnish information for basic legislation to provide state aid to communities in establishing adequate recreational facilities as a means of combatting juvenile delinquency," stated Assemblyman Richard J. Dolwig in commenting on the recent Los Angeles meeting of the Assembly Interim Committee on Youth Welfare.

Dolwig continued, "Questionnaires are now on their way to city and county leaders of all communities. Return of the questionnaires and compiling of their answers will provide facts needed to request a legislative program that will be of benefit to the majority of communities."

The questionnaire will develop a detailed study on rural and city recreation facilities.

Experts in the field of supervised recreation were heard by the three man committee headed by the San Mateo county Assemblyman. Other members are: Assemblyman John B. Cooke, Ventura, and Assemblyman Edward Elliott, Los Angeles.

A future project of the committee, for their next meeting to be held in San Francisco, is a study of the use of school facilities in community recreation programs.

The committee reveals that in many areas the school is the only facility available for a community program.

During the past year Dolwig was an advocate of legislation that would provide state matching funds for recreation facilities.

It's Not A Lack Of Oil

"It's not always lack of oil or grease in steering units that makes steering hard," declares L. G. Evans, general service manager for National Automobile Club. "Under-inflation of the tires more often than under-lubrication is the cause."

The James Varnis Celebrate Golden Wedding Anniv.

To celebrate their fiftieth wedding anniversary Mr. and Mrs. James Varni of 32 Price street, Daly City, were honored at a reception and buffet dinner given by their nine sons and daughters, Mrs. Angie Nava, Mrs. Elsie Belli, Alfred Varni, Ernest Varni, Lawrence Varni, Mrs. Anita Granucci, James Varni Jr., Miss Mae Varni, and Richard Varni on November 8, at the George Washington temple in San Francisco.

Amid a setting of golden trimmings consisting of autumn leaves and chrysanthemums, Mr. and Mrs. Varni received the congratulations of their many relatives and old friends after which the 160 guests were seated at attractive tables to enjoy a delicious buffet dinner.

A specially decorated table was arranged for the honored couple who were accompanied by their maid-of-honor and best man, namely Mr. and Mrs. James Ascalino, sister and brother-in-law of Mrs. Varni.

While John Bruesto acted as master of ceremonies a gala time of fun and frolic was enjoyed by all when the singing of old time melodies once again became popular and all the guests participated in the community singing. Richard Varni, the youngest son, furnished music for this part of the occasion.

At the close of the dinner everyone joined in a toast of champagne to the happily wedded couple.

"Tripping the light fantastic" over the dance floor brought a round of cheer from the many guests while Mr. and Mrs. Varni danced to the melody of the Anniversary Waltz. They were soon joined by their sons and daughters. John Degliantoni, a long time friend of the family, and his orchestra, furnished the music for the evening's dancing.

Mr. and Mrs. Varni were the recipients of many beautiful gifts and cards and will long remember the memories of such an eventful occasion.

Opals

It is dangerous to immerse opals in liquids because these gems are porous, according to the Encyclopaedia Britannica. A curious variety of opal, called hydrophane, is almost opaque when dry, but becomes practically transparent when saturated with water.

Jeff High P.T.A. Bazaar Slated This Friday

The regular meeting of the Jefferson Union High School P.T.A. was held on Thursday afternoon, November 13. The pledge of allegiance was led by Mrs. Catherine Foreman, and Mrs. Frances Haussler read "Objects of P.T.A." After a short business meeting conducted by Mrs. Eve Hobbs, president, the members adjourned to the cafeteria where tables were daintily prepared for the Teachers' Tea. Stanford Hannah introduced all the teachers, and Mrs. Hobbs presented the members present.

Thursday, November 20, the District meeting will convene at Jefferson Union High school. Registration begins at 9:30.

The bazaar for the benefit of the high school P.T.A. will be held Friday from 9 a. m. to 5 p. m. in Masonic hall. Luncheon will be served from 11 a. m. to 1 p. m. This affair will also include a rummage sale, a white elephant table, a wishing well and the hand made articles made by the Nimble Thimble Club.

Keep Gas Bill Down

It is worth remembering, on the long trip, that the gasoline bill is smaller if your driving is at a steady pace along the car's normal cruising speed. High speed results in vastly increased fuel consumption and acceleration is another phase of operations that eats up the gasoline.

Colma Cabbage Shipped Overseas

A total of 2,500 crates of cabbage — the largest shipment ever sent from San Mateo county—now is on its way to occupation forces overseas.

Max Leonard, county agricultural commissioner, said yesterday that the 80-pound crates bring the total to more than 5,000 crates sent in the last five days.

Most of the cabbage, he said, was grown in Colma and on the coastside.

Card of Thanks

We would like to express our thanks and appreciation for the beautiful floral offerings and cards sent for the late Mr. Clarence R. Coombs.

Lots 44 and 49, as designated on the map entitled "MAP OF THE SUBDIVISION OF THE POLHEMUS TRACT IN THE RANCHO DE LAS PULGAS NEAR MENLO PARK AND LELAND STANFORD UNIVERSITY," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on August 29, 1891 in Book "C" of Maps at page 64 and a copy entered in Book 2 of Maps at page 35.

EXCEPTING THEREFROM that certain triangular piece of land in the northeastern corner of Lot 44, deeded by J. A. Drinkhouse to Peninsular Railroad Company, a corporation, by Deed recorded September 23, 1907, in Book 141 of Deeds at page 149, Records of San Mateo County.

PARCEL III

All that certain real property situate in the County of Kings, State of California, described as follows, to wit:

The Northeast Quarter of the

Mrs. Olympia Belli Passes Away

Mrs. Olympia Belli, 57, a native of Italy and 35 years a resident of this community, died last Friday at the Notre Dame hospital.

Surviving are her husband, Frank Belli, 164 Bruno avenue; two sons, Albert and William; a grandson, Francis Belli; a sister, Nella Manzi of Italy, and two brothers, Julio Pera of Daly City, and August Pera of Italy.

Funeral services were held at 9:30 a. m. Monday at the mortuary of W. C. Lasswell Co. Requiem mass was offered at the Holy Angels church at Colma. Burial was in the Holy Cross cemetery.

Inspection Stamp

The familiar round purple inspection stamp on meat has been used by the department of agriculture for 40 years.

Southwest Quarter (NE ¼ of SW ¼); the Southeast Quarter of the Northwest Quarter (SE ¼ of NW ¼); the Southwest Quarter of the Northeast Quarter (SW ¼ of NE ¼); and, the Northwest Quarter of the Southeast Quarter (NW ¼ of SE ¼), all in Section 20, Township 20 South, Range 19 East, Mount Diablo Base and Meridian, in the County of Kings, State of California.

PARCEL IV

All that certain real property situate in the City and County of San Francisco, State of California, described as follows, to wit:

BEGINNING at the point of intersection of the northeasterly line of Van Dyke Avenue (formerly Twenty-second Avenue South) and the southeasterly line of Griffith Street (formerly "G" Street South); running thence northeasterly along said line of Griffith Street 200 feet to the southwesterly line of Underwood Avenue (formerly Twenty-first Avenue South); thence at a right angle southeasterly along said line of Underwood Avenue 300 feet; thence at a right angle southwesterly 200 feet to the northeasterly line of Van Dyke Avenue; thence at a right angle northwesterly thereon 300 feet to the point of beginning.

Being lots numbered 9 to 20 inclusive, in TIDE LAND BLOCK NO. 427.

PARCEL V

All that certain real property situate in the City and County of San Francisco, State of California, described as follows, to wit:

BEGINNING at the point of intersection of the northeasterly line of Hollister Avenue (formerly Thirty-second Avenue South) and the southeasterly line of Coleman Street (formerly "C" Street South); running thence northeasterly along said line of Coleman Street 200 feet to the southwesterly line of Gilman Avenue (formerly Thirty-first Avenue South); thence at a right angle southeasterly along said line of Gilman Avenue 600 feet to the northwesterly line of Boalt Street (formerly "B" Street South); thence at a right angle southwesterly along said line of Boalt Street 200 feet to the northeasterly line of Hollister Avenue; thence at a right angle northwesterly thereon 600 feet to the point of beginning.

Being all of TIDE LAND BLOCK NO. 848.

PARCEL VI

All that certain real property situate in the County of Yuba, State of California, described as follows, to wit:

The East Half of the Northwest Quarter (E ½ of NW ¼) of Section 23, Township 17 North, Range 5 East, Mount Diablo Base and Meridian.

Also for general relief, as will more fully appear in the complaint on file, to which special reference is hereby made.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will apply to the Court for the relief demanded in the complaint.

OFF THE BLOTTER

Two traffic accidents and one case of accidental baby-poisoning were handled yesterday by the Daly City police department.

The baby, nineteen-month-old James Gamble, was rushed to the Junipero Serra hospital by Police Chief Bill Sunderland after he had brushed his teeth with a drain-cleaning solvent. Hospital attendants who treated him said the baby had not swallowed any of the poisonous solvent. He was returned to his home by Officer Heim after three hours under observation.

Five-year-old Sandra Leavitt, 661 Hillside, is at home today recovering from minor injuries received when she was struck by a car at E. Moltke and Hillside boulevard yesterday afternoon.

The car was driven by Mrs. Eda Marie Jacopi, 319 A street, South San Francisco. Officers Hopman and Heim answered the call. The county ambulance, driven by Dean Wood and James Smith, took the girl to the Junipero Serra hospital. She was released the same afternoon.

Bird Language

Birds unquestionably have a rudimentary language in the sense that they use their calls to communicate with one another, according to the Encyclopaedia Britannica. Such bird-calls as the alarm-call of a jay or plover, are often intelligible to other creatures as well.

Action brought in the Superior Court of the State of California in and for the County of San Mateo, and the Complaint filed in the office of the County Clerk of said County and State IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SAN MATEO

O. C. BURKHART and GERTRUDE N. BURKHART, his wife Plaintiffs, vs. ETHEL B. SMITH, GUY TYSON SLAUGHTER, CHARLES GEORGE SEAGER, FIRST DOE, SECOND DOE and THIRD DOE, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

ETHEL B. SMITH, GUY TYSON SLAUGHTER, CHARLES GEORGE SEAGER, First Doe, Second Doe and Third Doe, also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the Complaint adverse to Plaintiffs' ownership, or any cloud upon Plaintiffs' title thereto, DEFENDANTS.

YOU ARE HEREBY DIRECTED to appear and answer the Complaint in an action entitled as above brought against you in the Superior Court of the State of California, in and for the County of San Mateo, within ten days after service on you of this Summons — if served within this County; or within thirty days if served elsewhere.

That said action is brought to obtain a judgment and decree quieting Plaintiffs' title to the following described real property, situated in the County of San Mateo, State of California, and to determine all adverse claims thereon, and particularly described as follows, to wit:

Lots 22, 23 and 24 in Block 32 and Lots 28, 29 and 30 in Block 31, as designated on the map entitled "AMENDED AND SUPPLEMENTAL MAP OF MONTARA SAN MATEO COUNTY CAL.", which map was filed in the office of the Recorder of the County of San Mateo, State of California, on October 16, 1907 in Book 5 of Maps at page 25.

Also for general relief, as will fully appear in the Complaint on file, to which special reference is hereby made.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiffs will apply to the Court for the relief demanded in the Complaint.

LOCALITE IS WELL KNOWN MC --- HE DOES IT FOR FUN

Harold Uddy is a localite with a stimulating hobby. For most people it would be stimulating to point of frenzy, but he's been doing it for years and seems to thrive on it. Uddy announces.

We don't mean he announces quietly in a radio station, he really works: fiestas, fairs, parades, symphony narration, anything that keeps him on his toes, verbally, mentally and physically. Our Harold is in there pitching. (Or don't you like puns?)

Of him the hard-to-please Freddy Francisco of the Examiner has said, "He is lucid, clever, and occasionally witty." Which is really quite a compliment coming from one of our more vitriolic columnists.

Six years ago he went out with a sound truck and was such a hit when he was pulled in to do some pinch-hitting announcing that he hasn't stopped yet.

Almost eleven months out of the year he is busy every week end with some sort of public entertainment program. In addition to what is evidently a very real pleasure which he derives from the work, he also receives some remuneration.

If the program is one which gives its all for charity, then his concern (he is new car service manager for one of the larger automobile sales companies) pays him a fee for any small spot announcement ads he may make.

He was presented with a citation from Mayor Lapham for all of his USO work during the war years. And the work was considerable. He collaborated with the San Francisco Soldiers Service League and with Hospitality House in the presentation of shows for service men.

During the period when the Cow Palace was the embarkation point for outgoing soldiers he planned and MC'd the programs and obtained the donated professional talent which appeared.

The hobby may be fun, but it isn't exactly a bed of roses. At times he is on the microphone for eight or ten hours with out a stop. And then there are the mad moments when some one manages to turn the program up-side down much to the dismay of the announcer who has to do some fast verbalizing — and thinking too, we may add.

Other headaches are the moments when a tragic accident takes place and the master of ceremonies must gloss over the situation. However, prize of the lot is the excess of artistic temperament which occasionally pops forth in programs.

His favorite instance of the sort of thing which can happen on a day when vibrations are wrong is the story of one of the embarkation programs. A well-known cowboy or hill-billy band leader was roused to race onto the stage screaming and tearing his hair when Uddy, to amuse the boys until the band came on, played "Deep in the Heart of

Farmers Court Death

In 1945, there were more accidental deaths of workers in agriculture than in any other industry. However, there were more deaths of farm residents from home accidents than from any other type of accident. On the farm, there were more deaths of farm residents in motor vehicle accidents than from all other types of accidents.

Texas" on the public address records.

The same selection had been chosen by the maestro for his opening number. After the tantrum, it seems, the western-type fellow wanted to go home in a pet.

Uddy, who is said to have one of the most sonorous voices in radio, refused to leave his more mundane occupation for the glamorous field. Probably he is one of the few people who is not carried away by loud noises of approval and lots of glitter.

Incidentally, he was suffering from an occupational disease when seen in the Record offices. His laryngitis was so bad he just about made himself heard.

At the present time Uddy is studying for advanced degrees in the Masonic order and keeping himself so busy that way that home and family and even announcing are fading to a fuzzy glow.

You may have heard him this year at the Napa Horse Show, Fresno Folk Dance Festival, San Rafael Fiesta, Columbus Day parade, Vallejo Dog Show, Fairfax Rodeo, Irish Ball, or any number of others. He had done 32 shows up to the 19th of October.

SNOOP CRUISE

Daly City Dress Shop is displaying some good looking lucite handled cutlery made by Alfred Guttman, proprietor, in a new business enterprise. The handles are square in shape and blades and prongs are stainless steel. The set of six sells for \$24 and is wonderful for steak and game dinners.

In the dress line, the shop has some of the new long skirts. Fabrics of crepe and wool are styled in the new drape and retail from \$3.95 to \$6.95.

Betty's Dress Shop has a generous stock of wash dresses from 12 to 46. Some of the nicest looking come in striped chambray with varying soft pastel backgrounds and sell for only \$3.95. If you want to stop frightening the delivery men during the morning hours, whip into one of these.

Betty's also has some pretty fancy looking slips at \$3.98. They are in white or tearose crepe back rayon satin with deep lace at the top and bottom. Sizes run up to 40, and in other styles, sizes up to 52 may be obtained.

Record Rack has a wonderful set of new albums on the history of jazz. For the beginning hot platter fan, or for the addict who knows what he likes but has no understanding, these are an easy course of education. And, fine records to have.

They are put out by Capital, a Hollywood outfit and include criticisms and explanations by one of America's foremost jazz authorities. First Volume is entitled "The Solid South" and contains recordings by Leadbelly, Zutty Singleton and Wingy Manone's outfits. They beat out some of the original jazz classics.

Volume II has recordings of the "Golden Era" of jazz. Whiteman, Teagarden, the Kansas City Stompers and other exponents of the Chicago jazz school introduce some of the old standbys which gave the present form of our modern "folk music" its start.

"Then Came Swing" is third in the series and features early swing masters, Dane Dexter, Big Sid Cat-

lett, T-Bone Walker and others of that ilk.

Volume IV, "This Modern Age" brings fabulous Billy Butterfield, King Cole Trio, and All Those Fellows so well known in jive circles.

For an all around background in the jazz music field these albums are tops. The recordings are cleanly done without too much surface buzz and for \$4.49 the album (four records) you can do yourself or your friends a favor.

The Rack also has a good sound selection for long-hair fans. Lots of Beethoven and Brahms and even some of the so-intellectual Caesar Franck.

Biggest news from Bruce and Griffin is the huge new open stock of dishes. Ivory background with a small floral design and fluted gold trimmed edges. They're so new the invoices aren't in yet, but we were assured they would be "reasonable."

They are also getting some of the Hollywood dolls, those lush-looking damsels dressed like prima donnas and individually boxed. On sale and evidently to the delight of local homemakers are modern, simply designed lampshades in clear colors. Sizes are 15 and 21 inches and prices from \$1.19 to \$2.29.

Warsawski's are showing gift sets of boxed Cannon towels. They come in all of the popular pastels and make a good looking gift for small price. Top is \$5.95. For the cold-in-bed woman they are showing downy looking flannelette gowns in white and colors in plain or floral patterns. They are priced from \$2.98 to \$3.98.

Waaay down in Colma, Kaye's is showing holiday crepe dresses in sizes 12 to 44. One of the best looking is a 25 dollar seal brown satin with a V neck, short draped sleeves and a diagonally double-tiered skirt which gives a slimming effect.

For the Teen Set we found a good looking dark green skirt with narrow-narrow diagonal stripes of chartreuse yellow, soft blue and brown and white. A pleasant, subtle combination. Wear with it a yellow jersey shirt and dark brown box jacket. Skirt, \$7.95; shirt, \$5.95; jacket, \$10.95.

And also ask to see the foolishly feminine flannel shortie gowns. They come in patterned pink, blue and yellow and have long sleeves finished in a ruffle which matches the ruffle at the gown's hem. How charming can you get for \$3.85??

For the very little girl who sparkles there is a fine winter coat of leopard-patterned pile fabric with red or green wool yoke, cuffs and front closing. Only difficulty is that the young sprout would be so enamored of the new wardrobe addition, she'd probably insist upon wearing it to bed.

Colma Dry Goods evidently wants to rubberize your life. They are carrying a complete line of the Playtex girdles, plain and pantie,

Loyalty Check Of County Employees Is Postponed

Discussion of a "loyalty check" of county employees and prospective county employees was postponed by the San Mateo County Civil Service Commission last week pending an investigation into the legality of such a check.

The postponement was announced, after a lengthy session, by Chairman Albert H. Randall. It was re-scheduled for the next commission meeting.

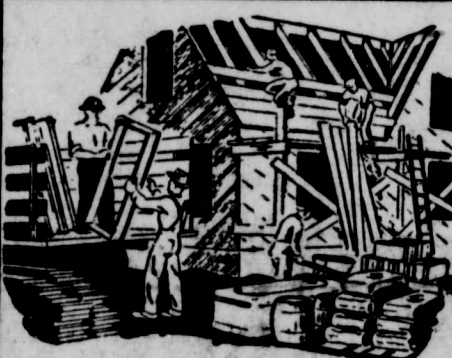

Possible opposition to the check was expected from labor organizations, Randall said. Among the legal questions which will arise is whether or not the commission could refuse employment to an admitted Communist Party member since the party has not been outlawed.

The matter was scheduled for discussion by Russell J. Cooney, personnel director, on request by the commission.

and all the sizes of sheets for baby's crib, carriage, bassinet and bed. Girdles are \$3.50 and \$3.95. Sheets are 98c and \$1.65.

For the nimble fingered the shop has some color fast, sanforized Bates lawn. Elegant for dresses for yourself and junior miss, for pinafores, blouses or housecoats. It sells at 95c a yard. Particularly attractive was the bolt of soft grey with zany little French poodles sketched on in kelly green and white.

Also of interest to dexterous females are the Baby Kit-O-Wool cellophane packaged 4 oz. polar knitting yarns in soft, soft shades of coral, pink, yellow, blue, and green. The outfit includes patterns for three different sets of baby accessories and for \$2 you can pleasure your favorite baby.

If you want to remodel that spare room or build a new home, we'll help you with sound advice... and we'll supply you with the finest materials... Call on us for all types of repair work and alterations.

Mothers - Teachers Are Honor Guests At P.T.A. Meeting

Woodrow Wilson PTA honored mothers and teachers at a tea on Tuesday, November 18, in the school.

A short business meeting was held at 2 p. m. Mrs. Nell Dorrance and Fred Bertetta, school trustees, and Mario Campi, school architect, were introduced to the guests and each spoke briefly on the new schools that are to be built for Woodrow Wilson pupils.

Miss Edna Bianchi's class of first grade pupils entertained with three orchestra numbers, a prayer and a poem. Susannah Wilson, of the elementary school, sang three songs, accompanied at the piano by Esther Young.

On tables attractively decorated in the school colors of yellow and blue some eighty guests were served ice cream, cake, coffee and tea. In the center of each table were bouquets of mixed flowers. Individual place cards carried gardenias for the teachers and garden flowers for the mothers.

During the tea Miss Aileen Suber and Mrs. Mabel Hahn, principals for the elementary and primary schools, introduced their faculty members. Miss Mae Varni, general supervisor, introduced the rest of the faculty and also Miss Lena Bingman, secretary to Superintendent R. L. Crane jr.

SUMMONS

No. 43,440

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

JULIA MONTGOMERY, Plaintiff, vs. FRED A. MONTGOMERY, Defendant

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

FRED A. MONTGOMERY, Defendant.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said County, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 13th day of June, A.D., 1947.

Whist, Cypress Circle No. 14, UAOD, Colma Community Center building, Dunks street, Colma

Thursday, November 27
THANKSGIVING DAY!

NEWS FROM THE SCHOOLS

JEFFERSON

Jefferson school "Open House" during American Education Week attracted over 150 parents and friends of the school. Classrooms were opened to the public from 7 to 9 o'clock on Monday evening and the teachers were present to meet the visitors. Children's work was on display in halls and classrooms. People not only enjoyed visiting in the rooms and seeing the work but also in meeting each other.

It was interesting to note the many former students of Jefferson, now "grown-up" and responsible members of the community, many of whose children now attend the school, who were present. Bonds of loyalty and friendship have been traditional among those who have attended Jefferson and so the evening open house provided opportunity for many a pleasant reunion.

Human Eye

The retina of the eye is the only portion of the human brain which is readily available to inspection during life, according to the Encyclopaedia Britannica. The eye itself acts as a low-power microscope, providing a magnification of about 15 diameters for the examination of the retina and its arteries and veins.

Lots Of Water

Seventy-one per cent of the surface of the earth is covered with

Painting the Ocean

A brilliant yellow patch visible for miles away to a rescue plane flying at 10,000 feet altitude is produced by a new chemical, the use of which as part of the equipment of life rafts may save many lives.

water, according to the Encyclopaedia Britannica. Only 61 per cent of the area of the Northern Hemisphere is ocean, however, compared with 81 per cent of the Southern Hemisphere.

Comfort for Truck Drivers

- Roomier Cabs with 8 Inches More Seating Width
- Adjustable Seats with 73 Individually Wrapped Springs
- Weather-Sealed Windshields with 20% More Visibility
- Advanced Circulating Fresh Air Ventilation System
- Three-Point Cab Mounting with Rubber Stabilizers
- Newly Styled Exclusive GMC Bumper Bar Grille

All New...THROUGH AND THROUGH

Truck owners and drivers everywhere are praising new light-medium duty GMCs for their leadership in postwar construction and design. Cabs are all-new, all-steel with flexible, rubber-cushioned mounting . . . wider and deeper, adjustable seats . . . circulating, fresh air ventilation . . . complete insulation and soundproofing . . . greater visibility all around.

For extra value and dependability there's GMC's stronger, sturdier chassis and improved, war-proved engines. For outstanding appearance and added stamina there's GMC's advanced new styling and exclusive front-end construction.

THE TRUCK OF VALUE

GASOLINE • DIESEL

New GMC grilles incorporate a protecting bar of heavy bumper stock at top and sides. Frame mounting and angle bracing add greater strength.

GMC's new cabs circulate fresh air by a revolutionary new ventilation system. You can have forced air heating and defrosting, too, if desired.

Xmas Seal Sale To Begin Monday In S. M. County

Everything is in readiness for the annual Tuberculosis Christmas Seal sale which will start officially on next Monday, although many persons may receive their seals tomorrow.

That was the announcement this week of the San Mateo County Tuberculosis and Health Association which each year finances its manifold local activities through the sale of the colorful little Christmas tokens.

Outstanding this year have been special services to veterans, an enlarged program for the care of children with heart ailments or rheumatic fever, and the taking of more than 40,000 chest X-rays for San Mateo county adults and school children. These new activities, together with operation of the mobile X-ray laboratory purchased through Christmas seal sales, have increased expenses of the association which also carried on and enlarged all of its regular services in the fight against tuberculosis.

Officials of the association remind buyers of the Christmas seals that 95 per cent of the funds obtained in San Mateo county are used in the county and are urging a quick and generous response to the offerings of seals already mailed. Additional seals will be available and contributions above seal purchases will be welcomed and appreciated.

Mr. & Mrs. Martino Move To Redwood After Selling Store

The Martinos moved out of Daly City last week, and the Jennings moved in. The coincidence was strictly premeditated.

After seventeen years of conducting his grocery business on the corner of Acton and Brunswick streets, Lorenzo and Mrs. Martino, and their two children, Lena and Johnny, said their goodbyes and moved down the peninsula to Redwood City.

For their many friends and customers, it was a sad farewell, for Martino's Grocery Store has been a familiar and loved part of Daly City for some time.

The new owners of the grocery, Louis F. Jennings and his wife Kathryn, came to Daly City from Oakland, where Mr. Jennings was an employee of the Oakland Naval Base. They have one child, Patricia, who will be five in December. Mr. Jennings' mother lives with them at 101 Acton street.

Mr. Jennings plans to include a line of bakery goods with the present store features.

Mr. Martino, when last seen, was planning to "take life easy" and "pick walnuts from our walnut trees."

Swiss Chard

Swiss chard should be harvested when the leaves are 10 inches tall. They lose quality when allowed to grow taller. When a plant becomes overgrown, cut all leaves off at the base and new ones will soon develop.

Den 16 Cubs Have High Time At Dinner, Friday

The annual Cub Father and Son Dinner was held at the Furniture Mart on Friday evening, where the boys and their fathers were introduced by Cubmaster Smith. Ernie Smith, well known announcer, was master of ceremonies.

Jack Swaner, Jackie Jensen, Ted Kenfield, Johnny Graves and Chili Bertoli from the University of California, Del Young and Jack McDonald from the San Francisco Seals, Dave Cohen from U.S.F., Joe Verducci, coach of Poly High, and San Francisco's district attorney, Ed. G. Brown, were the honor guests for the evening.

Cubs Carl White, Bert White, George Spoulos, Dick Hopman, Dick Hiatt, and Gerry Wacks from Den 16 were accompanied by Dr. E. White, G. Spoulos, Ted Hopman, and Don Hiatt.

Olympic Games

The first of the modern Olympic Games took place at Athens in 1896, on the site where the ancient festivals had ended 1,500 years before, according to the Encyclopaedia Britannica. Credit for the revival of the Olympic Games is due Baron Pierre de Coubertin. On January 15, 1894, he wrote to all the governing bodies of sport pointing out the educational value of sport to modern peoples, if practiced in accordance with ancient Greek ideals.

Clarence R. Coombs Passes Away In San Mateo Hospital

On Saturday, November 15, final rites were held for Clarence Coombs, of 444 Templeton avenue, who died Wednesday evening, November 12, in a San Mateo hospital following a short illness.

Mr. Coombs, 57, was associated with the Laura Lee Candies, 6229 Mission street, for the past nine years. He is a native of Pontiac, Michigan, and has resided in Daly City for the past 18 years.

He is survived by his wife, Christina; his children, Robert D. Coombs, San Bruno, and Arthur J. Coombs, and his two grandsons, David and Dean Coombs.

Services were held at 10 a. m. in the chapel of W. C. Lasswell and company. Interment followed at Cypress Lawn Memorial park.

Farewell Party For Major Brower

As a farewell celebration last Tuesday evening, November 11, Mr. and Mrs. A. W. Dimond, 610 San Diego avenue, gave an early Thanksgiving dinner for Mrs. Dimond's brother, Major James F. Brower, who is being transferred to Korea. Major Brower is with the engineers corps.

Attending the party were Mr. and Mrs. T. C. Gregg, Mr. and Mrs. S. Mount, Mr. and Mrs. J. B. Kalbaugh, and Masters Harold and Brower Dimond.

Catherine Gigax Pioneer Resident Passes Away

On Thursday, November 13, 89-year-old Mrs. Catherine Gigax, a resident of Daly City for 41 years, passed away at her home, 527 Vista Grande avenue, after a long illness. She was a native of Terre Haute, Indiana.

Funeral services were held on Saturday afternoon, November 15, from the mortuary of W. C. Lasswell and company, 6154 Mission street. Interment was in Olivet Memorial park.

Mrs. Gigax, the widow of the late Richard Gigax, is survived by her children, Mrs. Laura Fernandez, and William, Frank and John Gigax.

Three Games Are Slated For Sunday

The following three games are scheduled at Marchbank park on Sunday, November 23: Daly City Baseball club and Crystal Palace, Independent game, 10 o'clock; Buzz' Shamrocks and Molkenbuhr Brothers, Class AA, American league, 12 o'clock; Daly City and Fosters, American league, Class AA, 2 o'clock.

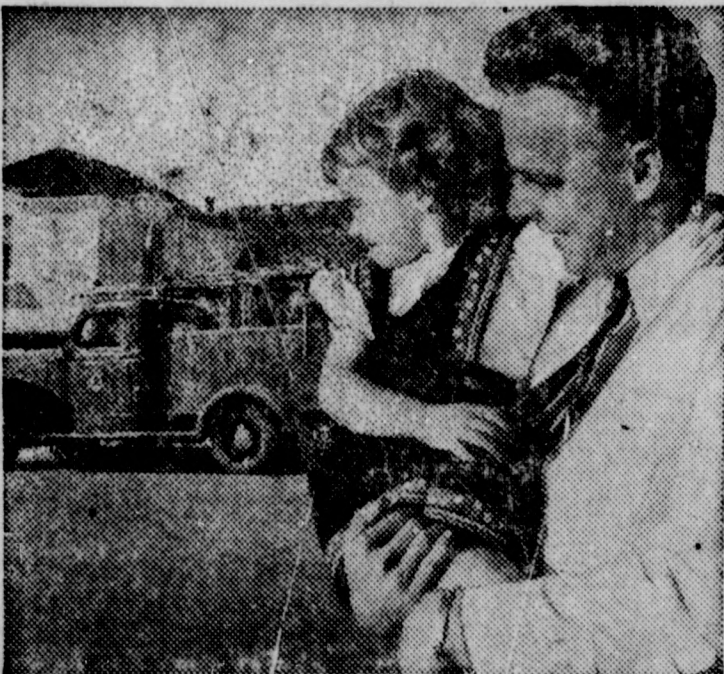

Deadly Salt

Barium carbonate in precipitated form is an odorless and tasteless salt, very slow in its killing action. It is deadly poison to all animals.

Meet some folks
whose savings paid
for your telephone

Your telephone, and the vast service facilities it represents, was actually bought and paid for by someone like this lady... someone with faith enough in the telephone business to invest savings in it. Each telephone requires an investment of about \$245 in equipment... buildings, cables, poles, switchboards and the like.

Who are they... the people who own the Bell telephone companies? Among them are families saving for their children's education, widows, young men investing for their future. Some of your friends are probably among our owners, for there are now more than 715,000... Bell has more shareholders than employees, in fact.

It takes new Working Dollars... millions of them... to build the buildings and buy the equipment needed to meet the demand for more service. Millions of dollars for growth do not come from telephone

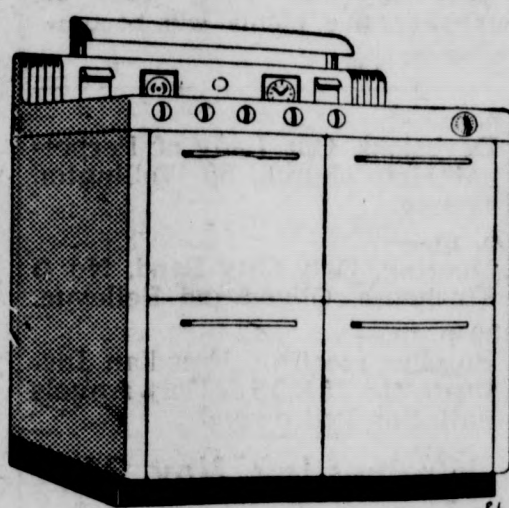

bill—but from people who are willing to put their savings into the business. To attract these savings we must sell our services at fair prices which allow us to pay reasonably for the use of needed working dollars.

THE **Pacific Telephone** AND TELEGRAPH COMPANY

More than 60,000 people working together to furnish ever-better telephone service to the West

Holiday Cooking
DONE TO A
when you use an
AUTOMATIC RANGE

T STANDS FOR ACCURATE TIME AND TEMPERATURE CONTROL

There is enough work, goodness knows, preparing the pies and cakes and dressing the turkey with all the trimmings at this time of the year. The actual cooking, baking and roasting should be taken over by a modern efficient range and done automatically by recipe-right time and temperature control.

Be sure to see the amazing new automatic ranges now being displayed by your local dealer. There are dozens of styles and models. Dressed in white and chromium, the new ranges are clean looking and clean cooking. The automatic clock control turns heat on at the right time, builds it up to the right temperature and, when the job is done, turns it off. If you're looking for easier holiday cooking... you will want one of the new automatic ranges.

News Column For The Veterans

Thousands of additional on-the-job training opportunities are needed so the Veterans Administration can complete their program of rehabilitating and retraining disabled veterans.

Although the number of disabled veterans training on the job in California increased slightly from 5,575 in August to 5,680 in September, in the country as a whole a slight decrease in the number of disabled veterans in training was noted.

The slight drop in September marked the first decline in the disabled training program since early in 1944. Contrasting the decline in job training opportunities, there is a growing demand from disabled veterans for this type of training.

Veterans Administration must depend on the continuing cooperation of employers in providing openings for the thousands of disabled veterans now awaiting job training opportunities.

Employers interested in training disabled veterans on the job

are urged to contact the training facilities section of the San Francisco VA regional office, 49 Fourth street. Specialists will give them prompt and expert assistance in setting up job training programs designed to restore the disabled veteran to full employability.

Disabled veterans are screened carefully before they are assigned to a training establishment. VA's advisement and guidance helps them select job training of a type which they have the ability to perform and their disability will not be a handicap.

Veterans with service connected disabilities are eligible for training under Public Law 16 if they require such training to restore their employability. The length of training depends on the amount of time necessary to become employable, although the maximum is four years except in special cases. All training must be completed under this law by July 25, 1956.

While a disabled veteran is training, and for two months after he has been declared employable, he will receive a subsistence allowance from VA of a maximum of

\$90 a month if he has dependents or \$65 if he has none. He will also receive his disability compensation.

If his wages received while training, plus his subsistence allowance, exceeds the journeyman rate for a trained worker in the occupation for which he is training, VA will reduce his subsistence allowance proportionately.

In case his subsistence, plus compensation, do not total \$105 if he has no dependents or \$115 if he has one dependent, VA will pay an additional sum to make up the difference. For veterans with disabil-

Whist Benefit Held Tonight

A whist party will be held tonight (Friday) for the benefit of the Salesian Nuns of Watsonville in the home of Mrs. John Antone, 331 Lisbon street, at 8:15 p. m.

ities rated at 30 per cent or higher, the minimums are \$115 for those without dependents and \$135 for those with one dependent. The amounts are increased further if the veteran has more than one dependent.

LAUSON OUTBOARD MOTOR

Unlike other outboards the Lauson Sport King is powered by an air-cooled engine of 4-cycle design which operates on the same principle as the motor in your car. This famous 4-cycle principle delivers a smooth steady flow of power at all engine speeds. Look for the name Lauson 4-cycle air-cooled Sport King.

University Develops Cervical Cancer Test

A method for detecting cervical cancer — similar to and as simple as taking a blood test — has been perfected during a year of operation at the University of California Medical school.

The test has been worked out over a period of years by Dr. Herbert F. Traut, professor of gynecology and obstetrics at the Medical school. The American Cancer Society established a laboratory at the Medical school last year to enable Dr. Traut to test the method on a large scale.

This week brings to a close the first year of operation of the Society's laboratory, which now runs routine tests on all women patients treated by the gynecology department of the Medical school. In 760 women examined over one six-month period, 14 cases of previous-

ly undiagnosed cervical cancer were found.

Dr. Traut said that the test eventually may become as routine and profitable, in examining women, as the Wasserman tests for syphilis or X-rays for tuberculosis in general medical practice.

The test, based on microscopic differences in normal and malignant cells, indicates the presence of cancer in its early stages, before a tumor develops to dangerous proportions. With the exception of breast cancer, cervical cancer is the most frequent malignancy in women.

School Buses

Nearly five million children in the United States ride school buses daily.

Some Bird!

The Arctic tern probably enjoys longer hours of daylight than any other creature, living under the midnight sun in both northern and southern hemispheres, according to the Encyclopaedia Britannica. This bird flies 11,000 miles between its northern and southern homes, a trek believed to be the longest migration route of any bird. It nests in the far north and spends the northern winter near the shores of the Antarctic continent.

"Furlong" Defined

The racing term "furlong" (one-eighth of a mile) originally meant "furrow-long." According to the Encyclopaedia Britannica, the furlong represented the distance which oxen could conveniently plow at a stretch, and over which the plowman could keep a fairly straight line. This measurement was used by the primitive Celtic tribes of Britain, who divided their

Divine Onion

One kind of onion was given divine honors by the ancient Egyptians, and onions are pictured on Egyptian monuments according to the Encyclopaedia Britannica. The onion, one of the earliest cultivated plants, has been grown from time immemorial.

length, and allotted five strips to each tribesman.

Buick '48 Cars To Have New Type Transmission

Buick announced that it will introduce a "completely new and different" type of automatic transmission in its 1948 line of cars scheduled for introduction in January.

Harlow H. Curtice, Buick general manager and vice president of General Motors, described the new Buick transmission as "Buick's answer to no-shift, clutchless driving."

"It eliminates not only the clutch but all gear shifting, even automatic," Curtice said. "It represents an entirely new advance in driving simplicity."

The new Buick transmission, to be introduced initially on Roadmaster models, is a development of the principle employed in the transmission used on the fast, hard-hitting "Hell Cat" tank destroyers built by Buick during the war.

Curtice said the tooling program for manufacture of the new transmission here, costing several million dollars, is "well advanced."

Curtice reported that Buick's production, which continues to be limited by the availability of cold rolled steel, reached a total of 27,173 during October, bringing total 1947 model output thus far to 224,113 units.

Parking On Highway

It is well to keep in mind when traveling around the country that most states have laws prohibiting parking of vehicles on the road surface if it is possible to do otherwise, declares the public safety department of National Automobile Club. All states insist upon no parking when visibility of the car in either direction is less than 200 feet.

UPLAND GAME SEASON OPENS FRIDAY, NOV. 21

Shotgun artists cleaned up their artillery today preparatory to the opening of the upland game season Friday (November 21). Quail, pheasant, rabbit and squirrel will be the potential targets of more than 100,000 California gunners, according to information from the Associated Sportsmen of California.

Bag limits on the various types of game are: Pheasant — two male birds per day, two in possession, ten per season; Quail — eight per day, eight in possession, sixteen per week; Rabbit — Same as quail; Squirrel — Hunting in Districts 1, 23, 25, 13 and 101; two per day, two in possession, twelve per week.

Shooting hours begin at 8 a. m. and end one-half hour after sunset on opening day and every day thereafter.

The pheasant season runs ten days concurrently, ending on November 30, one-half hour after sunset. Quail and squirrel season extend through December 31st, as does rabbit.

Hunters are warned to use shotguns of ten gauge or smaller with automatic or pump action guns plugged so they may hold no more than three shells, including one in the barrel. All hunters must purchase a California hunting license.

Recommendations on 1948 seasons and bag limits for California sports fishermen are being accepted today by the Associated Sportsmen of California.

These recommendations will be sifted through the various committees concerned and after due consideration will be placed before the regulatory powers session of the State Fish and Game Commission in January.

Trout, steelhead, salmon, large and small-mouth bass and striped bass will be the main species under consideration.

Individual sportsmen may sub-

DAVID LIVINGSTONE

★ 1813-1873 ★

Famous Scottish missionary and explorer. At the age of 27 Livingstone started his notable career of teaching and bringing Christianity to the African natives. After years of unprecedented exploration in this savage country, he was deserted by his followers and presumed lost until discovered in 1871 by Henry M. Stanley.

Unprecedented. Never before have there been so many innovations available for building or remodeling. For years construction went along on the same pattern, but today, with all the new materials and fixtures, you need someone qualified to guide you. Come in and let us give you a free estimate.

Devil's Post Pile Is National Monument

Devil's Post Pile National Monument, located on the Middle Fork of the San Joaquin river, is reached by a mountain road from Mammoth, Mono county. The formation consists of spectacular mass of hexagonal basaltic columns like immense posts. Standing columns, towering forty feet high, are perfect prisms. Large piles of broken columns lie at the base.

mit suggestions to the San Francisco offices of the Associated Sportsmen at the Pacific Building, 821 Market street.

Orchids Numerous

Although orchids are usually considered rare, the orchid family is one of the most numerous groups of flowering plants, according to the Encyclopaedia Britannica. About 140 species of orchids are found north of Mexico, with some extending to Alaska and even Greenland. North American members of the orchid family include the lady's-slipper, moccasin-flower, rose-pogonia, shin plaster and showy orchis.

Car Exports

Of the 2,148,000 passenger cars produced in the United States in 1946, only 144,000 were exported.

HOME SHOW IS SLATED IN APRIL AT CIVIC AUD.

The first home show to be held in northern California since before the war will be held in San Francisco's Civic auditorium from April 7 through April 14.

The show, one of the largest in the nation, will use more than 80,000 square feet of floor space. It

is being sponsored by the San Francisco Real Estate Board and the Associated Home Builders of San Francisco, Incorporated.

Plans for the mammoth show include model homes, completely furnished, to be erected on the display floor. Gardens will be provided in different areas in order to break the commercial atmosphere of the show.

Offices for the San Francisco National Home Show have been opened at 1011 Humboldt building, and Ira W. Curry, managing director of the show, reports that both local and national exhibit space contracts are already being let.

New Atom-Smasher Operates At U. C.

The first modern linear accelerator, a new type of atom-smasher, has gone into operation at the University of California, firing a beam of protons, the nuclei of hydrogen atoms, of 32 million electron volts.

The new atom gun was built under the auspices of the Atomic Energy Commission, under the direction of Professor Luis W. Alvarez, young nuclear physicist in the University's Radiation laboratory.

The atom-smasher is the most

powerful instrument ever constructed for the purpose of accelerating protons. The giant 4000-ton cyclotron accelerates more energetic protons as by-products of routine bombardments, though not as primary particles.

Resembling a gigantic squirt-gun, the new machine is actually two atom-smashers in one. A Van de Graaff generator, a four million electron volt atom-smasher, injects protons into a long copper cylinder, where the particles are accelerated

Castle Crags State Park

Castle Crags State Park, four miles south of Dunsmuir in Shasta county, is the site of the "Battle of The Crags," declares the National Automobile Club. Here, in 1855, white settlers drive the Indians up into the crags. It was during this battle that the poet, Joaquin Miller, was wounded by an arrow.

to higher energies by high-frequency radio waves.
